CONTINUE YOUR CAREER in an international multidisciplinary Medical Research Institute dedicated to the understanding and treatment of cancer. The Ludwig Institute for Cancer Research has nine branches worldwide, the largest of which is right here in Melbourne.

Our Student Information night **GIVES YOU THE OPPORTUNITY** to meet our current students and supervisors, and discuss possible projects.

We offer these additional benefits to PhD students **WORTH UP TO \$20,000:**

- Funding to attend an overseas conference
- Funding to attend local/national conferences
- Personal laptop
- Reimbursement of student union fees
- 6 month stipend, beyond scholarship
- Thesis writing support

TO GET HERE
